### **DETAILED ACTION**

1. The following communication is in response to Applicant's amendment filed 26 June 2008.

#### ***Status of Claims***

2. There are no new amendments to the claims. Therefore claims 18-41 are currently pending.

#### ***Response to Arguments***

3. Applicant's arguments filed 26 June 2008 have been fully considered. Applicant acknowledges the Double Patenting rejection. The amendment filed 26 June 2008 does not cancel or amend the conflicting claims. Therefore claims 18-41 remain rejected.

#### ***Double Patenting***

4. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

Art Unit: 3693

5. Claims 18-41 are provisionally rejected under 35 U.S.C. 101 as claiming the same invention as that of (1) claims 1 and 27-49 of copending Application No. 09/450,023; (2) claims 27-49 of copending Application No. 09/449,942; (3) claims 26-49 of copending Application No. 09/658,133. This is a provisional double patenting rejection since the conflicting claims have not in fact been patented.

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
